STUDENT PLACEMENT

Placement of students will be determined by the instructor based on the student's ability, age and availability of space in a class. Our staff meets regularly to discuss the student's progress and / or placement. It is our policy to offer appropriate opportunities to every child. Placement decisions are derived from many years of teaching experience. Please understand that not all students progress in all styles of dance at the same time. Students will be placed in different levels for different styles of dance at the teacher's discretion. We want to promote the development of self-esteem. Some students that are place in too high a level become discouraged only to lose their passion for dance / tumbling. Others respond to the challenge of being in a class with students who are more proficient by pushing themselves to work harder.

"We're In This Together..."

We believe that children's success depends on the support of their parents / guardians. Because your commitment to the process makes an enormous difference, we encourage you to be a part of your child's dance education.

Our program relies on a POSITIVE atmosphere for our staff, students and their parents. It promotes a positive learning experience for all involved. Cooperation between all parents is expected. Showing RESPECT for the other parents along with the students (including students and parents from other studios) and staff makes an important impression on children.

You are a ROLE MODEL for your child in how to interact with others in a professional setting.

Parents and teachers may look at a child's learning from different perspectives. However, they share a common goal: to assure that every child receives the BEST possible training, both physically and mentally. Mutual respect between our staff and our dancers' parents provides the children with ultimate care and education.

WATCH WEEK

The 1st week of the following months is our Watch Week (October, February, June.) Students are encouraged to invite parents, relatives, and friends to observe the classes during this week.

WORKSHOPS

One special workshop is scheduled each semester to focus on one area of dance / tumbling. These workshops may also feature a guest instructor. Students are invited to attend and experience a new area of dance / tumbling or to expand on their interest area.

CONVENTIONS

Dance conventions provide all dance students and teachers the chance to learn a variety of dance techniques taught by professional and famous dance teachers all over the country! This is a wonderful experience and we encourage all dancers to participate at conventions. Conventions are held throughout the year.

RECITALS

Recitals are an excellent opportunity for all students to perform the dance skills and techniques they have learned throughout the year. All classes have the opportunity to perform in our yearly recital. When the recital season begins, each student will receive a packet with detailed information on our annual show. Recitals are held in the summer (month of June.)

COMPETITIONS

Dance competitions are a great experience for a dancer. Competitions are for the dedicated dancer. The owners / directors audition to determine which students and routines participate in competition. Competitions require mandatory rehearsals, costumes and additional dance classes per week. Any student interested in participating in competitions MUST be enrolled in ballet class and technique classes.

MelRoe's School of Dance also performs in community shows, parades, holiday shows and special events throughout the year!
