

**MelRoe's School of Dance**  
**Competition Company**  
**Information Packet 2013 - 2014**

*We are very excited about the upcoming competition season and look forward to working with your student as a Dynamite Dancer this year! This will be an experience that will help your dancer grow in their technique and hopefully, become better dancers and performers. They will also bond as a team and build friendships that will last forever! Our staff wants this season to be a very POSITIVE and REWARDING experience for each dancer!!!*

*Through participation in competitions, we hope to instill in each student a genuine respect and appreciation for dance as an art form. We hope to motivate students by exposing them to the highest caliber of talent and encourage each dancer to do their best every time they perform. For us, competition is an education!*

*We consider participation in competitions not simply part of our students' training as dancers; it's also an important part of how we influence them as people. With the right focus, the experience gained in competition can be an excellent source of self-confidence. If the dancers feel good about the performance and understand that they become better each time they go onstage, they are truly growing through the competition experience.*

*Hitting that stage and doing the best they can is what it's all about.*

*Whether they win (or which award they win) is secondary!*

*This packet contains information about our staff's expectations for each member in Company and the requirements to participate in competition. If your student makes the Company, you will receive more information and forms needed for the competition season.*

*In this packet you will find the following information:*

- ✓ MelRoe's Competition Teams / Company Dancers

## **Attendance Policy**

***Competition is a lot of fun and rewarding, however, it is also a commitment. Attendance EACH WEEK in class is expected and VERY important for each dancer to learn the technique, the choreography, and the group formations. Each dancer is a crucial part to the routine and the TEAM!!!***

All rehearsals are dedicated to learning or "cleaning" the choreography. A dancer who misses or is late to a rehearsal holds back the progress of the entire group. Repeating the choreography from a previous session for those who were absent takes up valuable rehearsal time, which could result in a performance that is not up to par. When we clean choreography, we may also change it. Dancers who miss a cleaning session may not be properly prepared for the upcoming performance and could be letting themselves or their team down.

Performances and competitions are your opportunity to show the world the results of your dedication and hard work.

**Class attendance for ALL Company members is expected. If you miss class / rehearsal, you are expected to come to the next class / rehearsal prepared with the material that you missed. We ask that you communicate to the instructor reasons for missed classes. Any member with poor attendance may be dismissed from the Company.**

### ***"We're In This Together..."***

We believe that children's success depends on the support of their parents / guardians. Because your commitment to the process makes an enormous difference, we encourage you to be a part of your child's dance education.

Our program relies on a positive atmosphere for our staff, students, and their parents. It promotes a positive learning experience for all involved. Cooperation between all parents is expected. Showing respect for the other parents along with the students (including students and parents from other studios) and staff makes an important impression on the children. You are a role model for your child in how to interact with others in a professional setting.

Parents and teachers may look at a child's learning from different perspectives. However, they share a common goal: to assure that every child receives the best possible training, both physically and mentally. Mutual respect between staff and our dancers' parents provides the children with the ultimate care and education.
